2018 Spring Get Together

Monday, April 30

Join your fellow UCSB retired faculty & staff for this fun event. Enjoy socializing, snacks & wine tasting, and presentation:

Anabel Ford, Director
UCSB MesoAmerican Research Center

“Conservation of Culture and Nature in the Maya Forest”

The Maya forest is a garden, so say economic botanists. It has been assumed that the ancient Maya collapsed because of environmental mismanagement. Anabel Ford will discuss how the traditional Maya agricultural cycle works with nature, conserves water, enhances soil fertility, manages biodiversity, inhibits erosion, and feeds people.

A minimal charge of $6 per person ($5 if you’ve paid your 2017/2018 Retirees or Emeriti Association membership dues) will help cover the venue, food and wine.

We appreciate your RSVP by April 23, and look forward to seeing you there!
